Objective

I am a full-stack web developer with high motivation for learning and a versatile skill-set. I look forward to transitioning the skills I developed as an intensive care nurse, such as leadership, critical-thinking, and prioritization, into a new career.

Technical Stack

Python | HTML5 | CSS | Bootstrap | REST API | Node JS | Express | Sequelize ORM | Postgres
Relational Database (SQL) | React | Redux | TypeScript | Git | PERN | Agile | Scrum

Featured Projects

Trelljoe

- Full-Stack Project - I was primarily responsible for the front-end and deployment pipeline.
- Personal Kanban Board app that allows users to create an account and plan projects.
- Built with: Javascript, HTML, CSS, Node.JS, Express, Elephant SQL, Heroku

Studify

- Individual front-end project that combines music playback with a Pomodoro timer
- Utilizes Spotify REST API to select and play curated playlists for the user based on their desired study environment
- Built with: Javascript, HTML, CSS

Fencing Simulator

- Terminal-based Olympic Fencing game in which the player is a brand-new fencer who fences a range of opponents while gaining skills and experience along the way
- Built with: Python

Professional Experience

WellStar North Fulton Hospital | Neuro ICU | Agency Nurse | 12/21 - 05/21

- Relieved organization by demonstrating ability to care for patients in the emergency department, medical ICU, and medical-surgical departments
- Rendered care for acutely-ill adults status post complex neurological procedures
- Mentored and oriented new graduate nurses

Emory University Midtown Hospital | Medical ICU | Clinical Nurse III | 07/21 - 12/21

- Managed care of critically ill patients with complex system disruptions, activities included: rapid intubation, sedation, chemical paralysis, proning, CRRT, and ECMO cannulation

Grady Memorial Hospital | Neuro Stepdown/ Neuro ICU | Staff Nurse II | 06/20 - 07/21

- Provided critical and intermediate level inpatient care to patients receiving treatment for neurological disorders
- Facilitated achievement of unit objectives and encouraged safe, high quality patient care as a lead nurse

Education

DigitalCrafts | Web Development Course | Expected Completion September 2022

Kennesaw State University | B.S. Nursing Science

University of Georgia | B.S. Genetics, Minor in Japanese Language and Literature
